aero's quest

I can die happy now ;\_:. It's okay for the price but there are just too many ways to fall between the map layers and break the game right now.. I love the mechanic of SiNKR and the peaceful time you can have in the game. The graphics is not really AAA, but hey - it's indie! A solid piece for every puzzle lover!. I just love this series of games and this one doesn't disappoint. Hidden object scenes and mini-games are challenging and like whole game fun to play. I like all different types of creatures that are met along the way. The pocket dragon and the owl are with Sophia again and they are really helpful.

Pros:

- + voice acting
- + fabulous graphic
- + great gameplay. Okay, video game!

this episode is by far one of the most difficult to master. By the end all characters will have been recruited. There is a lot of jumping in this story part esp. through the Grand Rift. there still are hidden rooms but most of the game is getting to recruit the Bear. the story mainly focuses on that particular part. Dissent starts to show amongst the recruits and it takes a lot of talking and self- confidence to get the party going again. Game seems rather slow story -wise during this episode but is still a good game to play. i cant download it why?. A really nice game and its fun to play. Nice little puzzle game with good aesthetics. Would have liked it to be longer, but for a dollar it's hard to complain.. There are so much bugs this is just straight\u2665\u2665\u2665\u2665\u2665. Make a better ending to season 8 where Daenerys didn't kind of forget about the iron fleet. najlepsza gra w jak\u0105 gr\u0105 pozdrawiam. Very cute story and well designed. There are a few typos and translation errors but they are very minor. It was so well written and i would easily pay \$5 for this. All the charectors have different personallities and that makes this ver interesting to play. Definitely worth checking out. If you go through all the charectors it takes a little more than an hour to complete while skipping through previous dialogue but i loved every second of this game.
